

Country Ghetto – JJ Grey & Mofro

D **F** **G** **D**
I see the look in your eyes I know I'm simple and plain
D **F** **G** **D**
A country boy can't survive too many ways in your game
D **F** **G** **D**
So you can say what you will about your helping hand
D **F** **G** **D**
I know I'll never be more than just your dumb white trash

D **F** **G** **D**
Love touches us all yes we're black and we're white
D **F** **G** **D**
Out here in the cut still living side by side
D **F** **G** **D**
So never mind what you've seen and just forget what you've heard
D **F** **G** **D**
Another ignorant redneck just some Hollywood words

chorus:

F **G** **D**
Life in a country ghetto
F **G** **D**
Life in a country ghetto
F **G** **D**
Life in a country ghetto
F **G** **D**
Life in a country ghetto

D **F** **G** **D**
No I'm not tame, the only voice that speaks for me speaks from this clay
D **F** **G** **D**
Little boy you ain't never take a dime from the man
D **F** **G** **D**
Starve to death before you live by a government handout
F **G** **D**
They call us poverty

chorus – repeat with instrumental bridge of same chord progression
