Some people think they're free

if they get to do just what they want to do

and do nothing, nothing else

**G**

Some people want to lead their life

others want to follow but it's ok

cuz every man got to walk his own way

**G C**

Don't be hesitating

**G C**

there's no contemplating

**G C D**

no there is no waiting - you got to live free

**G C**

Wealth ain't necessary

**G C**

some think it's to scary

**G C D**

quite the contrary - you got to live free

**G**

Some people complicate their lives

others keep it simple

and that's a little bit closer to the truth

that we all seek

that takes our mind away

Freedom ain't cheap, naw freedom ain't easy to get
